Product description

The sleek and elegant design of Zehnder Nova Mirror does not neglect functional considerations: the small installation distance from the wall means that it is even suitable for narrow hallways.

Benefits

- Elegant, simple design
- Doubles up as a mirror
- Small depth – also suitable for narrow hallways
- Easy to clean
- Magnetic towel rail available

Connection to central heating system

Painted version

Model	H mm	L mm	Thermal output			Exp. n	Classification of immersion heater (W)	V dm ³	M kg
			EN 442 ① W	70/55/24 W	55/45/24 W				
NVM 180-6	1800	638	732	511	306	1.31	-	4.6	20.6
NVM 180-8	1800	780	976	681	408	1.31	-	6.0	27.2

- H = Height
 L = Length
 ① = Thermal output per section measured according to EN 442, ΔT 50 K (75/65/20°C)
 V = Water capacity
 M = Weight
